

OVERALL DIMENSIONS

Length x Width x Height	2100x784x1340 mm
Wheelbase	1415 mm
Seat Height	795 mm
Minimum Ground Clearance	150 mm
Minimum Turning Diameter	5.6 m
Curb Weight	220 kg
Payload Capacity	150 kg
Fuel Capacity	19 L

ENGINE

Engine Type	2-cylinder inline, 4-stroke, Liquid-cooled
Displacement	649.3 cc
Bore x Stroke	83 x 60 mm
Compression Ratio	11.3 : 1
Maximum Power	46 kW / 9000 rpm
Maximum Torque	58.5 N·m / 7000 rpm
Fuel System	EFI
Ignition	ECU
Transmission	6-speed

CHASSIS

Suspension	Front: retractable type	Rear: cantilever type
Brake	Front / Rear: Hydraulic	
Rim	Front: MT 3.50 x 17	Rear: MT 4.50 x 17
Tire	Front: 120 / 70 ZR 17	Rear: 160 / 60 ZR 17
ABS	Continental

CFMOTO Power Co., Ltd. (CFMOTO) is a leading manufacturer of motorcycles and scooters. The company's products are sold in over 100 countries and regions. The company's products are sold in over 100 countries and regions. The company's products are sold in over 100 countries and regions.

CFMOTO
RACE TRACK HEROES TOGETHER

ENGINE

The liquid-cooled 8-valve 650cc parallel twin engine produces smooth, responsive power and a steady pull with its 180-degree crankshaft design. The sophisticated nature of the 650GT means a refined power curve with plenty of muscle in the midrange that requires less shifting, while also providing sporty performance that will get your adrenaline pumping. The 650GT minds its manners with a mild exhaust note, and is more reliable than ever with a revised connecting rod.

VIBRATION REDUCTION PERFORMANCE

Upgraded suspension features KYB suspension, front and rear. A softer spring rate in the 38mm KYB front fork provides a supple front-end feel for a comfortable ride. Revised damping on the rear shock offers balanced the feel of the 650GT for a lightweight, agile ride.

METZELER TIRE

The 650GT's power meets the road with Metzeler Z8 tires. Through composite rubber technology, a hard compound in the middle ensures longer mileage while the softer compound on the sides helps with road grip so you can turn into the corners with confidence. The versatile Z8 tires also adapt well to different weather conditions while providing you with long-lasting wear.

STREAMLINE WINDSHIELD

Many hours of testing in the wind tunnel resulted in the cleverly optimized windshield. The streamlined design cuts an effective path through the air, with the height able to be manually adjusted up to 60mm for your personal preference. A USB charging port and 12V outlet allow you to power your personal electronic devices.

TFT INSTRUMENT

A colorful 5-inch TFT display features accurate data at a glance. Choose between Touring and Sport modes at the push of a button. Self-adjusted backlighting makes info easy to read as ambient light changes, with an eye-tracking display for night riding.

REARVIEW MIRRORS

Rearview mirrors with wear-resistant, high-definition glass offer you clear views and a wide field of vision. The foldable design allows you to tuck them out of the way for narrower clearance.

LED LIGHTING

Pierce the night with all LED lighting on the 650GT. The signature L-shaped light strip is automobile-inspired and offers a modern, sophisticated look. Separated headlights optimize light clarity so you can ride confidently even after the sun goes down.

DARE TO DEFY AVERAGE

When a sporting performance meets modern practicality
When elegant design aesthetics are injected into a touring bike
Rules go out the window, average is left behind
A 650GT is born
Twist the throttle
Feel the steady rush of power
Shift into gear and ignite your senses
Leave the world behind
Lose yourself in the acceleration and find yourself in the journey
